

Home Delivery Driver Signup Process

Thank you for your support of the Home Delivery Program. In just eight short weeks, we have served over 650 of Mecklenburg County's most vulnerable who may have otherwise gone without food. Of those served, more than a quarter were children. Many of these families found themselves between a rock and a hard place, without a way to pick up food from a mobile and no friends or family to pick up for them. With every box delivered another family was fed, and we could not have reached these homes without your help!

As we serve more neighbors in need, we will use our [website volunteer calendar](#) to post home delivery opportunities. All opportunities will be posted at the beginning of the week. You can get to our website volunteer calendar by clicking the following link:

<https://loavesandfishes.volunteermatrix.com/> or visiting our website at <https://loavesandfishes.org/>. On the homepage, hover over the "get involved" (blue) tab at the very top. A drop down menu will appear. Click on sign up to volunteer. Then click the "volunteer now" (blue) button. This should bring you to our volunteer calendar. Look for "Delivery Driver" opportunities. Open opportunities are blue, and opportunities in red are full.

If you have not done so already, please register using the "new volunteer registration" button above the calendar. After you register, you will be able to sign up for deliveries based on locations (Uptown, North, South, East, West). Feel free to work in pairs, but only 1 person needs to sign up. Drivers will be assigned 3-5 deliveries for a total of 8-15 boxes, so larger personal vehicles with space are preferred. After you sign up, the automated confirmation email will include instructions on when and where to pick up food boxes. Box pickup day will remain Wednesday mornings from 10:30 am – 12 noon. Please come to 648-B Griffith Rd. Charlotte, NC 28217 to pick up boxes if you are signed up. Volunteers will be assigned specific deliveries at box pickup on a first come basis.

As a friendly reminder, requirements to make deliveries include:

- **Must be able to pick up boxes on specified box pickup day (typically Wednesday mornings 10:30am-12noon).**
- **Must be able to deliver boxes same day (typically Wednesday afternoons) no later than 6 pm.**
- Must be healthy
- Must have personal vehicle with space for food (*picture of a box is attached*)
- Must be able to lift 25 pounds

Again, thank you and I hope to see you soon!

Danielle Moore, MPH, CHES®
