

# Cultivate Capital Campaign | By The Numbers

The Cultivate Capital Campaign is a bold commitment to sow faith, root hope, and reap love as we move into the future. For generations, God’s grace has impacted people’s lives at MPPC in immeasurable ways. This campaign aims to inspire the next generation of Christians to spread care and love in the world. Join us in this movement of love by investing in our children and supporting our neighbors with love and compassion.

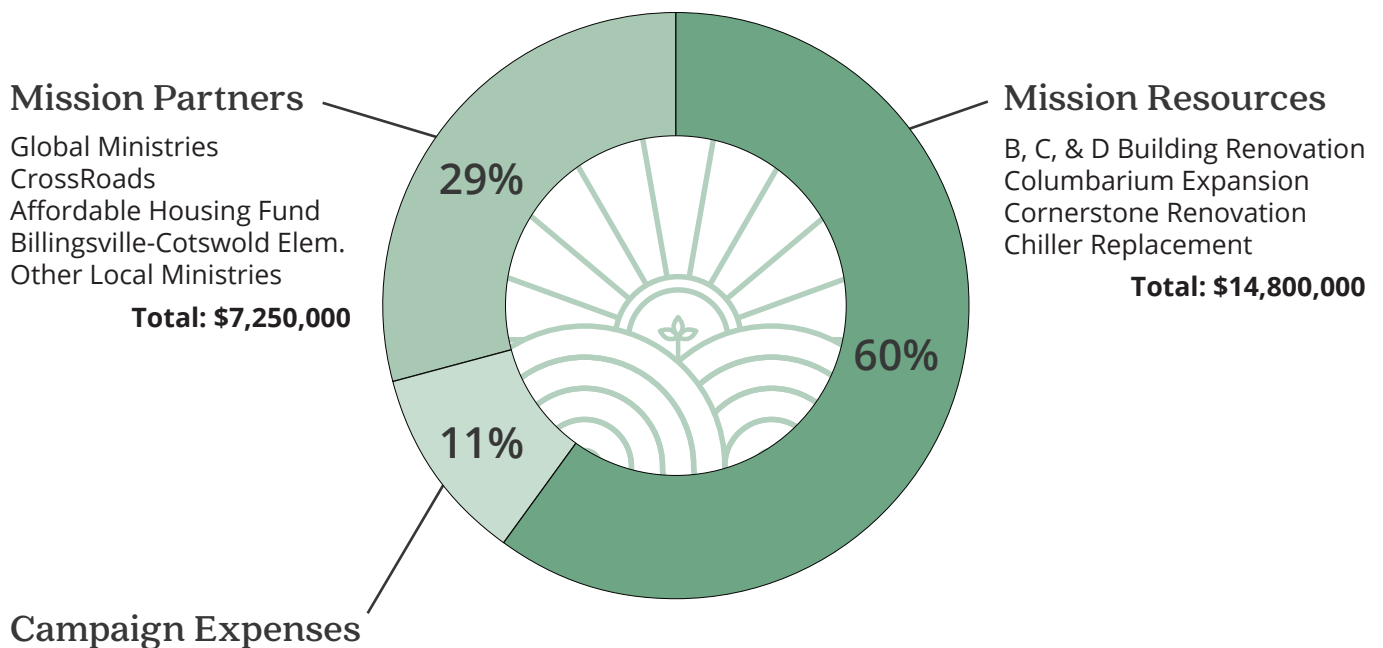

Sincerely,

Betsy Fleming & Ernie Reigel  
Cultivate Capital Campaign Co-Chairs

## Discerned Need: \$25 million

We recognize that it will take extraordinary generosity to reach this ambitious, God-sized amount. However, MPPC has a history of achieving remarkable things through the faithfulness and benevolence of our members. We already have much to celebrate—surpassing the halfway mark in the middle of a pandemic!

Wherever God leads this effort, we are committed to keeping the same ratio between our commitments to our outreach partners and the upkeep of our campus.

In addition to a small campaign budget that covers mailings and events, the campaign expenses also include a contingency for pledges not fulfilled in addition to replenishing the church’s reserves that were withdrawn during the last capital campaign.
